

SKILLS AND COMPETENCES FOR WORK IN INDUSTRY 4.0

The official newsletter of
the Erasmus+ funded project "Industry 4.0 Skills"

WE ARE PROUD TO ANNOUNCE OUR RESULTS IN THE PROJECT "SKILLS AND COMPETENCES FOR WORK IN INDUSTRY 4.0"

Dear stakeholders,

The Erasmus + funded project "Skills and Competences for Work in Industry 4.0" is coming to an end and we are proud to announce all project outputs are ready for you.

Catalogue "Industry 4.0 Skills and Competencies". Industry 4.0 requires various basic technologies, processes and organizational changes. This framework serves largely as a guideline for companies and their work teams in their quest to become part of Industry 4.0 with the right technologies and the right skills. Interested? You can download the catalogue from our website: <https://industryfourzero-skills.eu/best-practices-catalog/>.

Our focus is on collection of **good practices** as use cases and successful approaches in implementation of vocational training according to the needs of the industrial transformation.

All good practices are presented in the catalogue and in a special **Database** on our website. It is an e-platform publicly available here: <https://industryfourzero-skills.eu/database/>

Join our Facebook group, which is **our forum** where we promote various topics, the opportunities and obstacles that the Fourth Industrial Revolution brings to businesses and employees.

Follow the link to **our FB group**: <https://www.facebook.com/groups/industry4skills/>.

Follow the link to **our FB page**: <https://www.facebook.com/industry4skills/>

Stay tuned with us. You will learn how various organizations have implemented new policies, initiatives, methods, programs and projects to achieve the necessary transformation skills

Co-funded by the
Erasmus+ Programme
of the European Union
